12680 Lesley Road
Newark, OH 43056-9004

Please let us take a moment to introduce ourselves and our newest project:

We were organized in 1977 and are located on 50 acres at 12680 Lesley Road, Newark, Ohio 43056. This is just East of Newark, off Route 668.

Our primary purpose is to *protect* and *support* the sport of bow hunting. Although this is our main focus, we have many other areas of interest. Please take time to read about some of our past and present projects, contributions, and public works. The following are some of the areas in which we have helped or contributed to over the past 31 years.

- Helped both the Boy Scouts and Girl Scouts obtain their archery merit badges (approx 1400 children)
- Held annual safety courses for first time hunters
- Held annual bow hunter education courses
- Founded and continue to help fund Licking Valley High School's archery class
- Held bow shoots to benefit the Muscular Dystrophy Association and American Heart Association
- Raised monies for local families in need of assistance due to cancer, accidents, death of a loved one, and loss of income
- Helped with labor to rebuild a home in Shadyside, Ohio after the flood of 1990
- Annually adopt one or two needy families at Christmas time. This usually consists of providing food, clothing, school supplies and Christmas gifts for the children. (Approximately \$1000-\$2000 per holiday season)
- Help to organize annual *Hunt and Fish Day* at TJ Evans Park in Newark to introduce children to all aspects of hunting and fishing related sports.

Now that you see some of the things that Claylick Bowhunters have done in the past and will continue to do and expand in the future, we are lacking one key ingredient, the remaining funding for our new Club House and Educational Facility. This building will be utilized for the above mentioned courses for young hunters, Boy Scouts, Girl Scouts and as a base of operations for the numerous fundraising projects we undertake to help those in need, both locally and throughout the state.

Your donation can help push us over the top of our financial goals, and we can help your business advertise for life. We simply need your business cards and brochures, to be displayed in a rack in our new building, in a highly viewable area. At the end of each year, or as the literature is depleted, we will contact you for additional cards and brochures, which allow you to advertise for life and be seen by the thousands of sportsmen and local residents who use our facility. In addition to the purchase of your lifetime advertisement, you will receive an engraved brick, which will become a permanent part of the interior of our structure. We thank you in advance for your support.
